Secondary Education, Percentage: 80.8

Ujjain, MP

Aug. 2019 – Aug 2020

TECHNICAL SKILLS

Languages: Java, Python, HTML/CSS

Frameworks and Libraries: Spring, Spring Boot, Spring AI, Spring MVC, JPA, Hibernate, JDBC, React (basics), Microservices (basics)

Databases: MySQL, PostgreSQL

Developer Tools: Git, Docker, VS Code, IntelliJ, Maven, Postman, Render, Vercel

Core Skills: OOP, DSA, DBMS, Rest APIs, Agile Practice

EXPERIENCE

Java Developer Intern

Infosys Springboard

Nov 2025 – Present

- Contributed to a microservices-based project leveraging Spring Boot, RESTful backend services in an Agile development environment.
- Collaborated in a cross-functional team, participating in daily meetings and sprint planning demonstrating strong teamwork and communication skills.
- Strengthened proficiency in object-oriented design, backend architecture knowledge, debugging and problem-solving skills.

PROJECTS

SpendKar | *Java, Spring Boot, React, PostgreSQL, Docker, Cloudinary*

- Developed an AI based expense tracker using Spring Boot and React to manage personal budget and finances.
- Integrated expense categorization, savings and budget recommendations and a spending analysis dashboard.
- Built scalable and secure backend services using Spring Boot and REST APIs for efficient transaction handling, data validation.

CraveGo | *Java, Spring Boot, React, MySQL, Docker, Postman*

- Designed and developed an online food ordering web application with multi-vendor system.
- Implemented role-based authentication and authorization for restaurants and users using JWT authentication.
- Created optimized REST APIs for menu, order, restaurant status, implemented API testing via Postman.

CVSculpt | *Java, Spring Boot, SpringAI, Ollama, React*

- Built an AI-powered resume generation platform using Ollama and DeepSeek R1, achieving 95+ ATS score.
- Implemented dynamic text enhancements to improve clarity, coherence, and keyword alignment for industry standards.
- Delivered real-time resume improvements, enabling accurate parsing and enhanced readability for recruiters.

CERTIFICATIONS & ACHIEVEMENTS

- Java Spring Framework, Spring Boot, Spring AI (GenAI) - Telusko (Udemy):

[Credential](#)

- Java Foundation (Infosys Springboard).

[Credential](#)

- Java Foundation Learning Badge (Oracle).
